Buying a piano is a big investment – financially, and also both in terms of the space it will occupy in your home and the commitment you are making to the well-being of the instrument. Whether you are buying it for yourself or for your children to play, which piano is best for you will be a very personal decision. With over 13 years of working as a piano technician, Joseph Taylor is ideally placed to make an objective assessment of an individual's needs and advise on the best piano for you, whether you are buying a new or restored instrument. Our stock of pianos is always changing, but amongst the makes of piano that we regularly carry, you will find Steinway, Bechstein, Bluthner, Yamaha and Perzina. If you are looking to sell your piano, we are also happy to provide an offer
