

East London Piano

Bethnal Green, London E8 3RL
England

Mobile: 07876271909

About photo by Rhiannon Adam, www.rhiannonadam.com East London Piano was created in 2011 out of need for high quality private music education in East London. We are now in our fifth year of successful operation and we boast an outstanding track record in graded exams as well as many student awards in local competitions and festivals. We really are the top piano centre in East London for children as well as adults! We have 2 studios in Hackney and we aim to provide tailored piano lessons to meet your level of aptitude/skills. We offer amongst other things: personalised study pathways, free online learning resources, twice-yearly student concerts, masterclasses with international concert artists, recital outings and an annual scholarship for an outstanding young musician. Our tutors are experienced, talented musicians who have all trained in the best schools in the UK and abroad; all of them remain active on the concert scene, performing around the country and internationally. We have welcomed over 400 students through the years at our studios and have taught a number of celebrity students too: Little Boots, FKA Twigs, members of We Have Band and Spector and many others! You can read more about our tutors in the relevant page. Please feel free to email/call us to enquire about

booking a lesson!
