Hi, I am a piano player and teacher of over 20 years experience. I have taught ages from 4 to 80 and levels from absolute beginner to post-graduate. I hold Grade 8 distinction piano along with Grade 8 in Theory of Music and Practical Musicianship. I am a fully qualified post-16 teacher. As a performer, I have played for weddings, parties, ceremonies and corporate events, both as a soloist and in various bands. As a teacher, I specialise in teaching older teenagers and adults. My particular interests are in developing memory skills and improvisation, as well as overcoming technical difficulties. If you have been playing for a while and feel you have stopped progressing, I can help! I am based in East Manchester, a mile from J24 of the M60. I don't currently run traditional weekly lessons - rather, lessons are booked in one at a time with no commitment, normally 2-3 hours at a time.

Disclosure and Barring Service: yes
