We have been moving piano's for the past 25 years. During that time we have moved piano's for Mccullough Piggott's, Danfay (Yamaha), Pianos plus, Thornton Piano's, Tynan Pianos, Jeffers of Bandon and are currently moving pianos for Waltons music. We move piano's for the national concert hall and the R.T.E Symphony Orchestra. We also work for many music schools, Royal Irish Academy of Music and D.I.T College of Music to name but a few. We are fully insured and have extensive knowledge of the instruments we move. We are particularly experienced in difficult moves, ie, moving piano's upstairs or in some case's providing a crane when stairs are not accessible.
