If you've been tempted to play the piano but felt a little intimidated I can show you how easy it is!
I've been teaching for almost 20 years but I'm young enough to have a fresh and adaptable approach to teaching. Making it educational and fun!

I studied music at Christ Church and have performed around the world, including performances in the Royal Albert Hall, Canterbury Cathedral, on BBC1 and SKYnews.

In addition to classical music I also have such a deep knowledge of music theory that I can easily show you how to improvise, compose and write songs. I have an impressive backlog of published pieces that is available on iTunes and Spotify under the name Paul G Terry.
For your safety I holds an up-to-date enhanced child workforce DBS check and am fully insured for public liability.

First lesson is always free, and in that (which lasts for approx 30 minutes) [page 1/2](#) [PI help](#)

you set up your laptop/phone/tablet that you'll need for an online lesson. We will have a chat about what your goals are and what music you like. I will then be able to make a personalised plan for the next step to help you on your journey.
