Misbourne Wood Finishes; we are a company, based in Buckinghamshire, minutes away from the furniture making capital of Britain, who specialise in restoring furniture to the highest standard. I am writing to you to offer the company's services regarding finishes in a home. We deal with both French Polishing and Spray Polishing, upholstery, gilding, cabinet making, and we can work on both modern and antique items at a competitive price. If our services are of interest to you, we would love the opportunity to discuss the matter further.
