Piano Hire Try not to buy cheap poor quality pianos from an auction site or the local paper. I tune these type of purchases most days and in my experience a piano such as this will hold you or your child back and probably put them off pianos for good! If the touch and tone is uneven there is nothing worse. It's soul destroying. With my Monthly Hire arrangement there is no need - you can have a good piano in your home to give you or your children the best possible start. After 12 months hire you can give the piano back if it isn't played anymore or carry on renting. What's more you can buy the piano at any time making this a great way to try before you buy. If you decide to buy it within the first year of hire you can get some or even all of your rental back off the price. Terms and conditions apply so do ask for more information. Quality Pianos not old wrecks Monthly Hire Available if in Essex or Suffolk If you buy the piano before a year receive some or all rental charges back After 12 months keep on renting or give the piano back A great way to 'Try Before You Buy
