Testimonials Gareth is an amazing teacher. He has inspired all my 3 boys to excel in piano, even when the smallest one was on the verge of giving up, Gareth has managed to motivate him and now he is taking his grade one exam this spring. My older son gained a distinction in his grade 5 thanks to Gareth's inspirational classes. All are taught by Skype which I was not 100 percent sure of at first but it works brilliantly and I have no reservations about the boys doing Skype piano lessons at all. - Mairead Fanning I have been tutored by Gareth for the last 10 years. Over this time, Gareth has been supportive, attentive and highly informative of what is needed in order for me to pass each grade and improve my ability in general. He is able to teach every individual in a different way and really understands how to bring out the best in his students. - Andy Deng
