**Practice / Teaching Rooms**At Clement Pianos we have several practice rooms that are suitable for individual practice or for teachers who wish to establish themselves in Nottingham. **Recording Studio** Our recording studio is different from usual studios in that it has been designed and created specifically for piano and acoustic instrument recording. All recording is done on Protools to ensure that all the nuances and characteristics of the performance are captured to the highest quality. **Fun Recording Sessions** Ever Fancied being a pop / rock star? Or maybe a crooner? Or just like singing songs from the shows? Well now you can!
