

East Sussex Piano Studio

Hailsham, East Sussex BN272FE
England

Phone: 07702877017

I have been teaching PIANO, both practical and theory, for over thirty years. I prepare students for ABRSM exams with 100% pass rate including merits and distinctions.

Each student has a structured learning plan in preparation for exams.

I also teach older students who want to learn piano as a hobby. I have a dedicated music studio in my house but can also teach students in their own homes if

Maryna began teaching my eldest daughter since she was 6 years old which was 4

years ago, and she recently took both her grade 3 theory and practical. She a

wonderfully upbeat generous lady who has become like a member of the family.

She is patient, encouraging and really knows how to keep the momentum going

whatever humor your child is in. My daughter loves having her as her piano teacher

and my younger child begged Maryna to teach her from the age of 2. Maryna is

honest, trustworthy and kind and always looks to encourage my children and find

something good and praiseworthy in each lesson. One in a million.

A fantastic teacher

Maryna is an inspirational teacher who really cares about the students she teaches.

My son especially has responded amazingly well to her teaching and has made

fantastic progress in the piano..

Excellent teacher

Mrs Marsh has been teaching my two children for a few years now. She is an

excellent teacher and has given them much inspiration. She is very friendly and

brings the best out of both of them. We feel we are very lucky to have her and

really appreciate her hard work.
