I have been teaching children and adults the piano for 30 years. As well as teaching, my work includes accompanying dance classes, cabaret singers and classical singers and instrumentalists. If you would like to work towards exams I am happy to teach to Grade 8 standard. If not, I have a wide knowledge of the piano repertoire, including many lesser-known corners which I would love to introduce you to. I can also help with music theory, keyboard harmony and improvisation. I live in Wandsworth and can visit within a reasonable radius. Kensington, Barnes, Southfields, Clapham, Chelsea are all within range.
