Choosing The Right Piano Abbey Piano Services have a well-stocked Piano showroom, providing excellent quality pianos at competitive prices. Our showroom offers you a varied selection to suit your taste, budget and purpose. Every Piano is unique; no two models from the same production line will be the same, with slight variations to tone and touch. Each Piano can be adjusted to the specific requirements of the customer. A child for example will require a lighter touch than an adult. This can be adjusted as it is a mechanical change to the action and as the child gets older the piano can be made to feel heavier. All the Pianos sold at Abbey Piano Services are prepared individually to the highest standards. Abbey Piano Services is run by a small team of piano technicians specialising in all things piano related. We sale Reconditioned pianos as well as seciond hand instruments by the likes of Yamaha and Kawai. Reconditioned pianos by Bechstein, Bluthner, Steinway etc. Pianos are delivered free and include the first tuning. Also a wide range of stools available. Please phone for more details
