The Music Cellar is a well-established company, having been founded in 1975. Over the years we feel we have put the needs of our customers first and developed the business accordingly.

The partners are all involved in the day - to - day running of the business. We are therefore able to offer friendly, fair, personal service. We are able to make important decisions immediately to ensure you get from us what you want, when you want it. We hold all Main Agencies with all the Main Suppliers. As keen musicians ourselves, we carefully select all stock and are confident with all the products and services we provide. We are constantly researching the market, travelling all over the world, to check new designs and ideas. From our wealth of experience and knowledge in many differing fields of music, we are always available to help our customers with whatever they may require.

As a well established and important part of the British Music Industry, we not only offer excellent personal advice and service, but have the buying power to ensure that our prices are extremely competitive. Remember though, you could spend less money elsewhere, but still pay a higher price.

We have developed a strong link with education authorities, schools and music teachers. We pride ourselves in being aware of the many complicated issues and opinions that dominate musical education in Britain today.

We would like you to feel comfortable using www.TheMusicCellar.co.uk and encourage you to contact us with any ideas, observations and suggestions that you

may have.

We hope you enjoy our site and stay with us as we develop it as an exciting, informative, helpful and friendly website.
