Thornhill Pianos is a family business selling and renting grand and upright pianos. We offer high quality pianos at affordable prices to our many clients across London, the Home Counties and the wider UK. All our pianos are tuned and regulated in our workshop by highly skilled technicians and tuners. We have the largest selection of Wendl & Lung pianos in the country for sale and rental as they offer the best value and quality in the UK market. As the official UK agent for Wendl & Lung we have extensive knowledge of their pianos and have undergone specialist training in Vienna in how best to maintain their pianos in perfect playing order. From May 2011 Wendl & Lung will be merging with Feurich. We are working closely with the new Feurich production to bring you high quality, affordable grands and uprights. In addition we have an impressive collection of reproduction period instruments (fortepianos, harpsichords, spinets, viriginals) available for hire. We have been selling and renting pianos, fortepianos and harpsichords since 1988, and have worked for many professional venues in the UK, including opera houses (Royal Opera House, Glyndebourne, ENO, Garsington) concert halls (South Bank, Wigmore Hall, St John
