With over 30 years experience in the Industry, contact ARK Now for a competitive bespoke quotation. Piano Mover Specialist Milton Keynes Our professional piano moving team will know exactly how to move your piano in the fastest, safest way possible. If you are looking for professional help to move your piano, Ark Relocation are the experts. The shape, weight, size of piano's make them 1 of the most difficult items to move inside and outside the home. The delicate internal mechanisms also need careful consideration when moving. Ark Relocation have over 30 years experience and the required equipment and vehicles to safely move your piano either internally, local or across the World. All pianos are protected with piano covers and grand piano's are fitted with piano 'shoes' prior to removal and will remain so through to delivery and re-assembly at the final destination. All our piano moving operatives use blankets and floor protectors, banisters are also protected if moving up or down stairs. Piano Storage Storing piano's needs careful planning also, as storing your piano in a less than optimal environment could prove detrimental. Restrictive Access Ark Relocation provide a full crane and window removal service should access to your residence prove restrictive, windows are also replaced upon completion. Insurance We offer comprehensive insurance cover for

your piano throughout the whole relocation process, the same is applicable if we place your piano in storage.
